### We Could All Use a Little Snail Mail Right Now

What the world needs now? Handwritten cards and letters.

L

**L: I disagree, snail mail causes gas fumes from all the mail delivery trucks.**

S

**S:** I hope you make all your clothing from hemp since you're so worried about pollution.

P

**P:** Doing something for the environment is better than doing nothing.

M

**M:** Online discussions also have a carbon footprint.

S

**S:** @P Yeah but sending mail is probably greener than digitizing every part of your life.
