

Lecture 20:

Friends Release

Thursday's Postmortem

- **Attendance required**
- **Must use data gained through logging**
- Must explore two design questions
- Not just pass/fail this time
 - 3: Interesting, clear presentation of data
 - 2: Uses data but not deeply enough
 - 1: Doesn't use data
 - 0: Completely inadequate

Please be honest

- Falsifying data is an academic integrity violation

Today

1. Upload SWF to CMS (Assignment 13)
2. Upload SWF to GDIAC (Josh's Uploader)
3. **If your logging works**, start contacting friends
If your logging doesn't work, fix it immediately
4. Notify Erik that you have launched
5. Sign up for group meeting
6. Sign attendance sheet
7. Go play other games!
