

The second prelim is *Tuesday April 13, 7:30 – 9 pm*.

The coverage of the prelim is roughly the same as Problem Sets 4-8, based on Chapters 4, 5, and 6 of the book (excluding sections not covered in lecture). See the homeworks for the exact reading lists.

Solutions to the problem sets are available in Upson 303; all other handouts are available on the Web. The grader's comments on these problem sets are also posted on the Web.

The prelim will be closed-book, closed-notes.

- If your last name starts with the letters A-L, you should go to Kimball B-11.
- If your last name starts with the letters M-Z, you should go to Upson B-17.

If you have a conflict, i.e., another prelim on the same night, please send us email immediately.

The questions below are meant to help in studying for the prelim. The questions are not meant to be handed in, and solutions to them will not be handed out. You can discuss them with us in office hours. The book has many more questions (some easier, some harder). These questions provide excellent practice for the course material.

- (1) Problem 2 at the end of Chapter 4.
- (2) Problem 3 at the end of Chapter 5.
- (3) Problem 9 at the end of Chapter 5.
- (4) Problem 5 at the end of Chapter 6.
- (5) Problem 32 at the end of Chapter 6.
