

# *Attendees*

**Workshop on Future Directions in Tensor-Based Computation and Modeling**  
National Science Foundation, Arlington, Virginia, February 20-21, 2009.

**Evrin Acar Ataman**

Informatics and Decision Sciences  
Sandia National Laboratories

**Orly Alter**

Department of Biomedical Engineering  
Institute for Cellular and Molecular Biology  
University of Texas (Austin)

**Brett Bader**

Computer Science and Informatics Department  
Sandia National Laboratories

**Zhaojun Bai**

Department of Computer Science  
Department of Mathematics  
University of California (Davis)

**Mitra Basu**

NSF

**Sankar Basu**

NSF

**Gregory Beylkin**

Department of Applied Mathematics  
University of Colorado (Boulder)

**Tony Chan**

NSF

**Fredrica Darema**

NSF

**Lieven DeLathauwer**

Department of Electrical Engineering  
K.U. Leuven

**Inderjit Dhillon**

Department of Computer Science  
University of Texas (Austin)

**Chris Ding**

Department of Computer Science and Engineering  
University of Texas (Arlington)

**Petros Drineas**

Department of Computer Science  
Rensselaer Polytechnic University

**Lars Elden**

Department of Mathematics  
Linkoping University

**Christos Faloutsos**

Department of Computer Science  
Carnegie Melon University

**Shmuel Friedland**

Department of Mathematics  
University of Illinois (Chicago)

**Helen Gill**

NSF

**Haym Hirsh**

NSF

**Robert J. Harrison**

Computational Chemical Sciences Group  
Oak Ridge National Laboratory

**Manal Helal**

School of Computer Science and Engineering  
The University of New South Wales

**Sampath Kannan**

NSF

**Anthony Kennedy**

School of Physics and Astronomy  
University of Edinburgh

**Dongmin Kim**

Department of Computer Science  
University of Texas (Austin)

**Tamara Kolda**

Informatics and Decision Sciences  
Sandia National Laboratories

**Julien Langou**

Dept of Math & Statistical Sciences  
University of Colorado (Denver)

**Lek-Heng Lim**

Department of Mathematics  
University of California (Berkeley)

**Michael Mahoney**  
Department of Mathematics  
Stanford University

**Carla Martin**  
Dept of Mathematics and Statistics  
James Madison University

**Martin Mohlenkamp**  
Department of Mathematics  
Ohio University

**Jason Morton**  
TMSCSS  
Department of Mathematics  
Stanford University

**Lenore Mullin**  
NSF

**Frank Olken**  
NSF

**Larsson Omberg**  
Dept of Bio Stat & Comp Bio  
Cornell University

**Haesun Park**  
Division of Computational Sci & Eng  
Georgia Institute of Technology

**Robert Plemmons**  
Department of Computer Science  
Department of Mathematics  
Wake Forest University

**Sri Priya Ponnappelli**  
Dept of Electrical and Computer Eng.  
University of Texas (Austin)

**J. Ram Ramanujam**  
Dept of Electrical and Computer Eng  
Louisiana State University

**Stefan Ragnarsson**  
Center for Applied Mathematics  
Cornell University

**James Reynolds**  
Nanoscale Science  
SUNY Albany

**Phillip Regalia**  
Dept of Electrical Eng & Computer Science  
Catholic University of America

**Rosemary Renaut**  
NSF

**P. Saday Sadayappan**  
Dept of Computer Science and Engineering  
Ohio State University

**Berkant Savas**  
Department of Mathematics  
Linkoping University

**Charles Van Loan**  
Department of Computer Science  
Cornell University

**Junping Wang**  
NSF
