Eric Fosler-Lussier

ACL Archivist report

The position of ACL Archivist switched from Richard Sproat to Eric Fosler-Lussier in April 2006. Currently, the general public archive is being reorganized, with documents categorized both by year and type. The new archive will be up and running in the autumn of 2006. After that, the executive committee private archive will be reorganized in a similar fashion. Any comments or suggestions should be directed to thearchivist AT-nospam aclweb DOT org.
