

Publicity Chair of COLING/ACL 2006
Timothy Baldwin

As Publicity Chair of COLING/ACL, my main responsibilities were to advertise the conference and satellite events as widely as possible, to keep an eye on the web site to ensure that news and announcement items were up to date, and to compile and distribute newsletters. As primary portal for all official COLING/ACL announcements, I was entrusted with responsibility for sending out the calls for papers/proposals for the main conference, satellite events and tutorials, using a pre-arranged collection of mailing lists to send things out to. I also compiled a total of 5 newsletters (with one post-conference newsletter to come) keeping potential participants abreast of any new developments and informing them of impending deadlines. All announcements were sent out in a timely manner, including contributions from various members of the COLING/ACL Organising Committee (esp. Judy Potter). There were no major complications of note.
