OH MY GOD

I LOOK LIKE I'M 30
'Twas in the year of our Overlord 30, that the call went out for a collection of memes, to honor our beloved Mr. Dr. Prof. Ross Everett Tate, Sir!
And behold! The contributions were many, for all desired a chance to be part of this great undertaking. We four were given the privilege of checking and compiling this collection into the codex before you.
Happy Birthday, Ross!
