10/30/02: Natural Language Processing Reading

Contents

Lillian Lee. “I’m sorry Dave, I’m afraid I can’t do that”: Linguistics, Statistics, and Natural Language Processing circa 2001. To appear in the National Academies’ Study on the Fundamentals of Computer Science.

Reading Assignments

We anticipate covering pages 1-3 (stopping at “Firth things first”) in lecture on October 30 and November 1; we plan to cover the rest of the reading on November 13.
