Grad Group Vision

2. What are the purpose / mission / vision of the group?
3. Should the group be more structured? How?
4. Who should make decisions for the group? How do we solicit input on these decisions from everyone affected by them?
5. Do we effectively reach out to/invite/follow up with new grads?

Listsrv Purpose

1. How has recent listsrv communication reflected on the image of the Grad Group and how has it affected those who do not attend?
2. What does it mean that a large majority of those on the listsrv neither post messages, nor attend meetings?
