9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- Awesome TA! Would love to have her again!
- Some of things that she talked about in discussion were better explained than the actual lecture. So was also very nice and helpful.
- This IA would fill in holes in which the instructor left behind. The examples this IA gave were often times more applicable than the examples in lecture.
