- I really found discussion sections to be really helpful. Did a great job of not only covering questions from the homework but would also go on to giving us previews of what was going to be covered in lecture so by the time we got to lecture, we could have an idea of what the professor was talking about. Before tests she would cover little from all of the topics to be covered on the exam so it gave us a reminder of what to study. Always quick with grading so we wouldn't be waiting long for test grades. Very friendly and approachable. Renee has the best interest in helping out her students.
